DIRECT DEBOSS

Suitable for flat products
made from synthetic leather
Perfect for logos that are easy
to design and not very
detailed.

DEBOSSSED ON A CUT - OUT LEATHER

Stitched/Patched onto the product

DIRECT ENGRAVED

Preferable only for small products made primarily from synthetic leather with flat surfaces. Best suited for simple logos with minimal details.

ENGRAVED ON A CUT-OUT LEATHER

Stitched/Patched onto the product

Can be applied to products using non-synthetic leather materials (like fabric, canvas, or woven textures) or leather with irregular surfaces. Best for logos that are basic and minimal in detail.

UV PRINT

Stitched/Patched onto the product

Can be used for almost all products, whether made from synthetic leather or non-leather materials (such as fabric, canvas, or woven materials).

A great solution for clients with detailed, complex, and/or colorful logos, as well as those who want their logos to stand out more easily.
